

Trusted Antibodies. Personal Care.

High-performance Antibodies

Ready when you are.

With over **50,000 catalog antibodies** available, ProSci makes it easy to find the right fit for your research. Order online, ship quickly, and keep your projects moving forward.

Research Areas

- Cancer & Immuno-Oncology
- Infectious Disease
- Biosimilars
- Neuroscience
- Cell Signaling
- Obesity & Diabetes
- Immunology
- Stem Cell Research

Validated Confidence

- Testing against Genetic Modifications (KO/KD)
- Cited in *Nature*, *Cell*, *Vaccine*, and more
- Cell treatment verified
- Independent validation

Products Available

Primary Antibodies | Secondary Antibodies | Lysates | Slides |
Pseudovirus | Recombinant Proteins

Custom Antibody Services

Tailored to your goals.

Some research needs more than off-the-shelf. ProSci partners with you to design and produce antibodies tailored to your goals. From antigen design to purification, our scientists provide guidance at every step — so you can move forward with confidence.

Custom Services

- Polyclonal
- Monoclonal
- Recombinant

Why Researchers Choose ProSci

- 28+ years of antibody expertise
- 25,000+ custom antibodies delivered worldwide
- A team that listens and adapts to your research needs

Ancillary Services

Antigen design | Peptide synthesis | Antibody labeling |
Purification | ELISA screening
