

BEST-SELLING ANTIBODIES

Trusted Targets. Proven Performance.

For over **28 years**, ProSci has delivered reliable, high-quality antibodies that support critical research around the world. From widely cited biomarkers to emerging therapeutic targets, our antibodies are produced with quality, consistency, and expert scientific support that researchers rely on.

Whether you're exploring basic biology, developing diagnostics, or advancing new therapeutics, ProSci offers **50,000+ antibodies** designed to help move your research forward with confidence.

FEATURED BEST-SELLING ANTIBODIES

CAT. NO.	TARGET	CAT. NO.	TARGET
1009	CXCR4	4337	StreptII-tag
2051	ADAM10	4887	IL-17
2093	CX3CR1	5159	Albumin
2283	RIP3	5449	SQSTM1
3363	ST2	5555	PRDM16
3525	SARS Spike	7087	LMX1A
3655	IRE1p	7695	TRPV4
3687	XBP-1	7793	PPARGC1A
3809	TIM-1	8679	CD80
4211	CDKN2A/p16INK4a	8975	CDKN2A/p16INK4a

WHY RESEARCHERS CHOOSE PROSCI

- ✓ 50,000+ catalog antibodies
- ✓ Over 28 years of antibody expertise
- ✓ Hi-performance validated products
- ✓ Fast shipping from U.S. production facilities
- ✓ Responsive scientific & technical support
- ✓ Custom antibody development available

RESEARCH AREAS
